WILL CONSERVATIVES ATTEMPT TO WIN QUEBEC

By John A. Stevenson
TORONTO—The Conservative party is now approaching what Winston Churchill would call another grand climacteric in its fortunes, when it meets in a national convention at Winnipeg on October 11, to choose a new leader and draft a new program. The gathering will be the twenty representative of the party and if the delegates receive intelligent guidance and display reasonable vision and perspicacity, results very valuable both for Conservation and the country should be forthcoming. There are patriots who, looking back at the failure to secure a majority in the last three elections, take a dark view of the Conservative party's future. It is the best horse for a long jump in the shades of opposition, but a party at the last election polled 1,400,000 odd votes or 17 per cent. of the total cast, has no real reason to be despondent and appraised a realistic or decaying estimate of the party's future. The Conservative party never, and it may suffer adversity and want in strength, but there always remains for them powerful agencies of support and sooner or later the election, the test of the experiments and errors of liberal policy, put Conservation in power as a sedative to the national nerves.

Has Impressive Record Behind
The Canadian Conservative party has behind it a very impressive record of constructive accomplishment and its responsibility for most of the national changes in its political and economic structure since Confederation should suffice to acquit it of the charge, that its history is a record of failure. It was Conservative majorities which produced the National Police; and made possible the building of the Canadian Pacific Railway; it was Conservative influence which evolved the Canadian National Railway; it was the work of the Conservative and Canadian Northern lines; it was a Conservative Finance Minister who made the income tax part of our financial system and it was a Ministry dominated by a Conservative majority which introduced the momentous change of women's suffrage and passed the last great measure of Civil Service Reform. Indeed, unless devotion to the cause of progress is to be regarded as the fatal hallmark of reactionary tendencies, the Conservative party can claim a record in the history of this character usually labelled progressive, as its historic rival.

Over Half of Rise in Income
In the sixty years which have elapsed since Confederation the Conservative party has had thirty-five years of office at the helm of its own responsibility and was also the majority element in the Coalition which ruled the country from 1917 to 1921. In the six years of the Coalition, Mr. Borden, the maker of modern Egypt, made the confession that he had for a long time been a devotee of each year made a practice of consulting a paper more or less devoted to the cause of what was in his judgment likely to happen both in the United States and foreign politics during the year and that he had found himself almost invariably at fault in his forecasts and in critical war years had accumulated a large fund of prestige for his party and it seemed as if he had secured a long lease of office and power. However, by the middle of 1919 the Union Ministry had practically completed the tasks for which it had been elected and it was manifestly becoming susceptible to influences of dissolution. If Sir Robert Borden had

Seventh Fortnightly Crop Report

Issued by the Dept. of Agriculture, Government of Alberta.
EDMONTON—The present season has been almost ideal for the growth of crops, the weather during the past two weeks being specially suited to the tilling and ripening period, according to reports reaching the Department of Agriculture. Twenty varieties of wheat on lighter land are ripening and a start has been made with the heavy varieties of the grain in a number of districts in the province, while in some cases barley has also been cut, and with a continuation of the present favorable weather harvest promises to be fairly general in from ten days to two weeks. Some frost damage has been reported, but this negligible and there is every indication that one of the greatest crops in the history of Alberta is on its way to maturity. The Dominion Bureau of Statistics in a report issued during the past week shows a marked increase in the estimated average under the five principal grain crops in Alberta this season as compared with 1926, and with the decidedly higher yield which is promised, the total production of grain in the province for 1927 undoubtedly will follow an increase of several million bushels over last year's mark. In the south and southwestern parts of the province a start has been made with the cutting of fall wheat, and some excellent yields are reported, the average in this crop being considerably larger than has been the case for the past several years. Harvesting of rye has been practically completed and threshing of this grain has started in a number of districts. The weather in this part of the province has been very dry, little damage from blight has been reported, and the reserve of moisture in the soil and the straw is sufficient to enable the grain to fill the ears.

In the central and northern sections of the province all grains are ripening rapidly and uniformly and binders have started in early work in fields in a number of districts. A heavy crop of hay is being put up and estimates generally show the effect of the recent dry weather. Livestock throughout the province is in splendid condition and grass-land feed is plentiful for market at an earlier date than usual. Harvesting has started in a number of localities in the Peace River and Grande Prairie districts. A highly satisfactory yield and the considerable amount of newly cropped land promises a marked increase in the output of grain from this part of the province for the present season.

THE COUNCIL MEETING

On Tuesday night the regular meeting of the Council was held, Mayor Strathmore presiding, and Councillors Schutte, Quinn, Saunders, Eldon, Bailey and Myers present. The minutes of the previous meeting read and confirmed. A communication was received from the Canadian Pacific Railway that they intended placing electric lights at the station. The application for a license for restaurant from R. H. Paley was recommended. The employees of the town who have been permitted for the minimum school tax and to be added to the tax for the purpose of the Town Solicitor, T. W. Worn, if payments are not made forthwith. The Council decided to hold a tax sale of town lots on September 30th. Council James Saunders was proposed to the position of Deputy Mayor for the ensuing session of September, October and November. Current accounts amounting to

Ardenode Junior U.F.A. Convention

On August 12th, a very successful and interesting Junior U.F.A. Convention was held at Ardenode. The Convention was opened with the singing of O Canada and The Maple Leaf Forever, followed by a message by Rev. Wilkinson. Clifford Dawson, who is a director of the Ardenode J.U.F.A., next gave a short talk in which he stated the hope that the Juniors keep up the good work, and that we meet in another convention soon. Clifford Dawson was elected as secretary for the day. Mrs. Dawson, president of the Ardenode U.F.A., then gave a welcome to the Juniors, in which she encouraged them to be "Empire Builders". In his annual address, Charles Horvath said that there was a place for Juniors that later life in our province is our local work, and that by being inspiring rather than tiresome. Next came the election of officers, which was as follows: President, Charles Horvath; Vice-president, Harold Horvath; Secretary, Treasurer, Doug Warrack. Drucker was then served. About 2:30 p.m. the meeting adjourned to order, and was also opened with singing "The Star" and "O Canada" being the most popular.

Mr. Harvey Hanson, U.F.A. director for Bow River, then gave a talk on "Co-operation of the Juniors", after which several songs were rendered by members of the Horvath family. After an interesting talk given by Mr. J. C. Buckley, M.L.A., on the splendid opportunities which lay before us as an association. Two songs, "The Song of Argyle" and "Mother's Machine" were beautifully sung by Augustine Adige, of Calgary. Next, Mr. Schneider, of the First Gospel Church of Calgary then gave a remarkable and powerful message, which he entitled "Old Fashions". After another interesting talk given by the adjutant, when each was again served by the ladies. This brought to a close one of the finest conventions in our district.

CARD OF THANKS

We wish to thank our many friends for their help and kindness shown to us in our and hereafter, and also for the lovely floral tributes.

AN INFORMAL POSE
Like ordinary mortals, the Prince of Wales has to relax occasionally. This unusual map of His Royal Highness was made during a lull in the Ottawa reception, as he stood hand in pocket and one foot partly raised.

HORSES FOR SOVIET SHIPPED EAST

Completing the first boatload, a train left Alberta during the past week for Quebec carrying 359 head of horses purchased in the province by officials of the Union of Soviet Socialist Republics. Included in this cargo from Quebec will also be 275 head previously shipped east, bringing the total number of horses purchased by the Russian government in Alberta during the past month to 972. It is expected that buying for further shipments will begin commencing at points in the south and southeast of the province on August 8.

ALBERTA EXHIBITORS WIN AT REGINA FAIR

Alberta exhibitors carried off a number of high awards at Regina fair during the past week, in both grain and livestock classes. Robert Cook, of Grande Prairie, won first in a bag of grain, and second, and H. A. Meek, of Marvill, took first in garden corn. O. A. Jones, of Raymond, carried off a number of Ribblesdale, and H. A. Meek, of Marvill, took first in garden corn. O. A. Jones, of Raymond, carried off a number of Ribblesdale, and H. A. Meek, of Marvill, took first in garden corn.

PLANES FLY FROM LACROIX TO PRINCE ALBERT

The two large D. H. 4B airplanes which have been engaged in government survey work in the Lacrosse district, left last Monday in charge of Flying Officer Paul Cabbler, of Edmonton, and Arthur Meek, of High River, to make a survey of the Bow Valley, where they will carry on a survey of the new forest reserve located north of that point. Both planes are expected to be back in Lacrosse within thirty days to complete the survey work being undertaken in central Alberta.

A bunch of rowdies broke out a dozen window panes and otherwise damaged the Albermar school house one day recently. It will cost a considerable sum to replace the property destroyed by these boys and the school officials are anxious to find the guilty parties.

Mr. and Mrs. Elmer Braucher are absent in Oregon and Washington on three weeks motor trip.

Mr. and Mrs. J. W. Hill have returned home greatly delighted with their six weeks motor trip to Iowa. They saw no country on the way which pleased them so well as Alberta, although they saw several of the north western states on the trip.

W. W. Thorne, who has been having serious trouble with his teeth for some time, made a date with a dentist one day last week. It was stipulated before he took the anaesthetic that five good teeth should be left in place to hold his bite.

Archie MacDonnell, who has been very seriously ill is now somewhat improved.

Hay is in season just now and numerous stacks can be seen on the horizon. This year of heavy rainfall has brought back many fields of "grain weed" which were thought to have been exhausted for hay. Much oat and wheat hay is also being made.

R. A. Allan, our well known horse man and farmer has been called upon to judge livestock at a number of country fairs recently.

At the Langdon fair last week, Bert Huffman took first prize on spring wheat, an honor not to be despised in a first class farming district such as this. As Mr. Huffman is an oil and gas engineer and a successful engineer, it seems that Alberta offers advantages to people tired of city life and a trade.

A number of our larger farmers who had been considering the purchase of a combined harvester this season have given up the idea on account of the heavy growth of grain and the unevenness of it in ripening.

Owing to the extreme roughness of the government road to Calgary much of the travel is now being diverted to the road two miles north, which is smooth and fine for dry weather.

A Prairie Classic

By BERT HUFFMAN

The elevator line and grain towers over Inverlake; The sun, not native in the wind, The closed doors must and quiet. The busy train comes rolling in With coal cars chugging along. Coal cars, grain cars, stock cars—All, dotted with red and blue. The elevator's shadow moves With the second hand of day. In day out with clocklike zeal Its little course is run. The crows and crows in its shade Wait for upon the wind. The grain now at nodding in its peace to dream and eat. The shadow moves and sails around Into this trying place. And from a hundred clinging nests They propagate their race. Long lines of little wagons pour From every farthing lane. With autumn's golden harvest store, Over in, year out, grain. The dust is subtle deep around With all the tramping feet; The engine barks into the night Lifting the streamer wheel. The frisky teams jurch at their lead Across the grainless scales; The drivers listen in delight Unto the wagon's tale. The trembling beam, now up, now down, The golden gear whistles— And so the amber stream flows on Through Autumn's shortening days.

The Pilot Light District Association held a ball on August 12th was a great success. No wonder our Junior member was heart to reason. "Gee, I wish there was a Italy every week. Each speaker seemed to bring a special message of great inspiration to all. The speakers were the Rev. W. H. Wilson, Strathmore United Church; Mr. J. C. Buckley, M.L.A., Clonville; Mr. Harvey Hanson, Nakiska; Rev. Snyder, of Calgary; Pres. Don Chas. Hornum, Dolores. Those who delighted the audience with a message of song were Mr. Gus Arlidge, Calgary, Mrs. Horst and sons Charlie, John and Julia, each responding to well merited honors. Johnny Haskins made a fine accomplishment for the community singing and we are proud to report that up to date the roof of the school house still remains intact after the hearty community singing. The J.U.P.A. take this opportunity to thank the ladies who contributed so generously to the bounteous luncheon and supper.

Ye Olde English Faire

The Strathmore fair, which, on an ordinary day and gala days, is such a source of pleasure to the town, was fully transformed yesterday evening when the ladies of St. Michaels and All Angels Church held their Annual Fair. We have said "ladies" but on this occasion almost as many men rallied to the aid of the fair sex to help complete the arrangements and "carry out" what proved to be a very entertaining and successful "Faire". There were fully decked booths, having for sale articles tempting to the eye and attractive to the eye. Games of skill and daring lured many a twobit from the pockets of the calicoes. At the further end, as a climax to all, the attractions on the way was the large masque, in which three long flower decked tables were placed. Here a dinner of delicious salads, cold meats, and tempting pies were served.

The tables were filled to capacity two and three times over. Those in charge of various booths were: Louise Cocking table, Mrs. Shaw, Mrs. Saunders; the Joseph booth, Mrs. and Mrs. Izard; candy, Miss Watson; ice cream and soft drinks, Mr. and Mrs. D. French; Aunt Sally, Mr. Joe French and Miss Sally Wright; Confectionery, Mr. Harbo and Lily Leckie; flower booth, Mrs. Freeman.

The various ladies of the Guild served the dinner. Standing on guard at the entrance to the park was "Sentinel" Peterson. The officers of the Guild convened the fair, and are deserving of much credit.

ARDENODE

The monthly meeting of the Ardenode U.F.W. was held at the home of Mr. O. Dawson August 16th with a good attendance of members and visitors. The usual order of business was dispensed with and bulletins discussed. A very interesting program was given by Mr. O. R. Booth, program leader, for that day, on the "Queen Bee". This was greatly enjoyed by all, and a keen discussion followed. Almost everyone decided to go in for bee keeping. The chief addresser seemed to be they did not get much out of it. A very pleasant evening was given with an enjoyable time around the tea table. The next meeting will be held at the home of Mrs. H. G. Galt on September 13th.

Mr. and Mrs. D. French motored to Banff for the week end.

Mrs. J. King, sister of Miss Marianne Lilly, is in town for a visit.

Mrs. T. Schulte and daughter, Lois, were Calgary visitors Tuesday.

Miss M. Watson will spend her vacation with her mother at Seeba Beach near Edmonton.

Mrs. N. White was a Calgary visitor early in the week.

A Garden Party will be held on the lawn of Mr. and Mrs. J. French Tuesday, August 22nd, to which all members of the local Chapter of the I.O.D.E. are invited to be present.

On Monday evening the local Elks held a Social in the Memorial Hall, to which the members and their friends were invited. Court Walt and Slide were played until 11 pm, when a sumptuous banquet was served by the entertainment committee. Following this dancing was the order of the balance of the evening, and the crowd tripped the light fantastic to the music of the Elks orchestra until about 2 am.

Last Friday was the wedding anniversary of Mr. and Mrs. Richard Marsh, of Strathmore, having been married two years.

Died Last Friday

The friends of Mr. and Mrs. Silas Martin were relieved to learn of their youngest son in the death of their daughter, Florence, last Friday, after a short illness.

The little girl was a very clever and charming child, and her death is keenly felt by her young friends, especially the sympathy of their many friends extended to the afflicted family. The funeral was conducted from C. W. Chase Funeral Parlors, and the services by Rev. Mr. Winter.

Among the floral remembrances were those from the following:

Father, Mother and Sister; Mr. and Mrs. J. Taylor, Harbor & Cranbrook; Mr. and Mrs. Nelson and family, Sylvia Herstein and Margaret, Aunt Kate, Uncle Joe and Chris, the Pupils of Harvey School, Dorcas and Gladys Dawkins, Mr. and Mrs. Bray and family, Mr. and Mrs. Crellin and boys, Philip Kent, Mrs. W. —Dalewood Sentinel

Strathmore racing fans at Chinook track witnessed a spectacle of York horse, one of the best horses at the track, apparently crazed, romped around the mile track five times before he could be captured after throwing Jockey Owens. The trainer was fined \$250, and the stable suspended.

Mr. Don McKay, of Okotoks, was the guest of Mrs. Nels White, and returned on Wednesday.

A meeting of the Board of Health was held on Tuesday night at which a very favorable letter was read from the Provincial Inspector in regard to local conditions. It was decided to take no action regarding the petition for the removal of the slaughter house north of the track, as premises are now in a satisfactory condition.

A FINE RECORD

Some time ago the Daledale Junior U.F.A. No. 144 experienced the pleasant event of passing its fifth birthday.

To have stuck to the game for that many years is, as Mrs. M. L. Smith, formerly provincial president of the U.F.W.A. would call "stick-to-it-iveness". And in itself this sticking to the job, standing by what you have once begun, is at heart one achievement. It is a type of good sportsmanship. To have stood true for fifty years also means another thing. That our programme have been so constructed as to maintain the interest and they have.

The standard of the local this year

has been largely maintained by a group of interested and efficient officers. One sample of their work was shown recently in the exceedingly fine posters which appeared in the local stores just previous to the late district picnic. This shows thoroughness. The success of a local depends also on the cooperation of the officers, but it depends even more on an interested board of officers. It's up to them to inspire confidence, loyalty and willingness amongst the members.

NEW REGULATIONS FOR ANGLERS

The catch limit per day of cutthroat, rainbow, lake trout and brook trout has been reduced to twenty, according to new regulations for the provinces of Alberta and Saskatchewan. This limit applies also to the case of grayling and Rocky Mountain whitefish while the limit for perch is as follows: Lake trout 10; perch or goldeneye, 25; pike or pickerel, 5; bass, 5. In the case of perch and goldeneye no one shall catch and retain more than 25 of either species or of both species than will in the aggregate number more than 25, the same regulation applying to pike and pickerel.

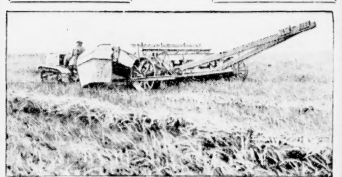

TELEPHONE SYSTEM ACTIVE IN JULY

Continuous service was instituted at Consort on July 1 and it is expected that Forestburg and Fernhill will also have this improvement within a short time, according to monthly report issued by the Provincial Department of Telephones. Albert, Mergerville, Crest and Fernhill are being amalgamated with central at the latter point, while over eighty applications for new installations have been taken in the Forestburg and Galahad districts. Crews have been kept busy in a number of districts during the past month repairing damage done to phone lines by wind and hail storms.

Your Grain is Gold Get It All This Fall

THE HOIT SAVES MEN—TIME GRAIN—MONEY

Combine Your Wheat Best Use a Hoit Years of Successful Building.

Here are a few statements that give you the HOIT COMBINE the advantage over other makes. Above is the Window Header attachment. Hook up a few horses or a light tractor, load your grain which is fit to bind and it is bound easily in the "wind row". To the left is the Stock Pick-Up, which picks up, and threshes stacked grain with a two man crew. No grain wasted in rehandling, no big crew and no big threshing charge.

In the "window" your grain comes quickly. Lying on the stable air reaches it on all sides. When ready to start the Pick-Up feeder illustrated above and proceed to combine. With these extra attachments your Hoit Combine becomes the great straw shredding today. Time is the money saver that you can produce.

TO OUR READERS
The Standard will be glad to have the names of visitors in town and accounts of various social events for publication. Such communications should be signed and the address of the sender given. Readers in the surrounding districts are especially invited to send us news. We want to cover the whole Bow Valley. Make the Standard Your Home Paper.

ROCKYFORD

Mr. Chudleigh, of Calgary, and family, have moved to town. Mr. Chudleigh is the new mechanic at the Rockyford Garage.

The Village Council has been approached by the United Electric & Engineering Co. of Calgary, with the proposition to furnish electric current for the use of the Village. The company proposes to tap the main line running from Bassano to Strathmore at a point fourteen miles south of Rockyford. In the interest of this proposed agreement, Mr. C. R. Walrod made a trip to Edmonton during the past week to interview the Commissioners of the Board of Public Utilities. Considerable organization is still required, but prospects for having lights in Rockyford this winter appear quite favorable.

Mr. W. A. McKenzie, formerly of Granum, is here to take the place of Mr. W. H. Acton at the Grand Bank of Commerce, Rockyford.

Mr. and Mrs. Ruppe were Calgary visitors on Wednesday and Thursday of last week.

Mr. Earle Garner was a Calgary visitor the past week.

Mr. and Mrs. Fred Gibson, and Mr. and Mrs. Acton, resided to Calgary on Tuesday of last week.

Mr. and Mrs. W. H. Acton have gone to Montreal, where they expect to make their future home. Mr. Acton will be manager of the Canadian Bank of Commerce at that point.

Mr. Cook, of the Dept. of Public Health, in Edmonton, supplied here last Sunday in Rev. Hoskins absence at the Union Church.

Mr. and Mrs. J. Black will leave next Monday for their holidays. They expect to be away several weeks.

Rockyford put it over Standard

again at baseball last Sunday. Score, Rockyford 7, Standard 6.

Miss Marela, of Edmonton, is here visiting her sister, Mrs. Ed Wilson, for a few days.

Mrs. Alfred Katterhagen entertained at an afternoon tea last Thursday honoring her sister, Mrs. Woodside, of Ponetello, Idaho, who is here for an extended visit. The guests included Mrs. J. Black Sr., Mrs. J. Black Jr., Mrs. A. Wae, Mrs. Hovey, Mrs. Dr. Huson, Mrs. H. Katterhagen, Mrs. Katterhagen, Mrs. McKenzie, Mrs. Gillespie, Mrs. Lewis Roppel, Mrs. Ryan, Miss Clara Trounse and Mrs. Woodside.

Miss Brooks of Strathmore, was visiting Mr. and Mrs. Albert Stinn over the week end.

Miss Alvida Wells, of Calgary, is visiting with Mrs. Harvey Katterhagen for the week.

Quite a number of Rockyford people attended the ice cream social at Bannockburn.

A meeting of U.F.A. Serviceberry District will be held in Rockyford Hall on Saturday, August 20th, starting at 10 a.m. Mr. E. J. Garland, M.P., will be the principal speaker. Everyone welcome.

BAINTREE

(Continued from another page)
On Friday night, August 5th, the Baintree U.F.A. and U.F.W.A. held a short business meeting at the school house to discuss plans for the D. Association meeting which Baintree will attend at Rockyford Hall on Saturday, August 20th. Refreshments were served by the ladies.
On Wednesday, August 2nd, Mrs. F. J. Lyons entertained the U.F.W.A. at her home. Plans were discussed for the district meeting. A very nice social time was enjoyed by the ladies. Mrs. Lyons then served a delightful lunch. The next meeting will be with Mrs. C. County.

THE YOUTH MOVEMENT

— — —

Not long ago I sat in a theatre and
listened to a presentation of a play
called "Abie's Irish Rose." It abun-
dantly in laughter, for the situation
was obviously devised to show how
ridiculous one person's prejudices can
be to another, but underneath all the
fun there was a wholesome philosophy
which is well worth pondering. A
young Jew had fallen in love with an
Irish Catholic girl and married her.
The two fathers were horrified and
promptly threatened their children
because their hearts were breaking for
love of them. To the young people
love levelled all barriers and they
were happy in spite of poverty and
exile from their homes, and were
philosophic enough, and had sufficient
understanding, to know that the two
fathers were acting conscientiously.

— — —

There was not a word in it to of-
fend either a Jew or a Catholic, for
the principles of religion were never
assailed. The shafts of ridicule were
all directed to the prejudices, which
we all know are more potent in the
making of troubles than principles,
any day!

— — —

In the boxes of the theatre sat many
wounded soldiers, young men with
bandaged heads and stiff arms, maimed,
broken, shell-shocked young men
with restless eyes and fingers that
twitched. The war in over nine years
ago but its blight remains and will be

— — —

Will be for many a long year! How
we had the denaturation of what
hate and prejudices can do to the
of our country, for these young men
are bearing in their own bodies the
marks of a nation's hatred for other
nations. And although it is the mil-
lions and old men who make the
war it is always the youth who do the
fighting. I wondered what those shat-
tered and broken men were thinking
as they sat and watched the play, and
I think I know. They were thinking
of the deadly foolishness of the old
prejudices that have often stricken
the world. They were heart and soul
with the boy and girl who refused to
to old bitterness that have no real
reason for their existence, and while
others laughed and shouted with
mirth at the ridiculous situations, they
sat absorbed with deeper thoughts, for
it was not a play to them—it was a
slice of life!

— — —

The youth of the world today are
determined to be heard, and the elec-
tion of the human family has a better
right to a hearing, for the world be-
longs to those who have all of life
ahead of them. No wonder they are
denouncing the old systems that have
been hated and suspicion, and are
trying out for a better understanding
between the nations. In the Youth
movement lies the brightest hope of
universal peace.
